

# Language Testing

## Article index

- A teacher-verification study of speaking and writing  
prototype tasks for a new TOEFL 107  
*Alister Cumming, Leslie Grant, Patricia Mulcahy-Ernt  
and Donald E. Powers*
- Can placement tests inform instructional decisions? 467  
*Anthony B. Green and Cyril J. Weir*
- DIF for examinees with different academic backgrounds 53  
*Tae-Il Pae*
- ESL/EFL instructors' classroom assessment practices: 360  
purposes, methods, and procedures  
*Liyang Cheng, Todd Rogers and Huiqin Hu*
- Evaluation of an in-depth vocabulary knowledge measure 28  
for assessing reading performance  
*David D. Qian and Mary Schedl*
- Examining passage-related Local Item Dependence 74  
(LID) and measurement construct using  $Q_3$   
statistics in an EFL reading comprehension test  
*Yong-Won Lee*
- Learning from international frameworks for assessment: 409  
EAL descriptors in Australia and the USA  
*Catriona Scott and Sibel Erduran*
- Size and strength: do we need both to measure 202  
vocabulary knowledge?  
*Batia Laufer, Cathie Elder, Kathryn Hill  
and Peter Congdon*
- Teacher assessment: the concept of 'diagnostic competence' 259  
*Peter Edelenbos and Angelika Kubanek-German*
- Teacher formative assessment and talk in classroom contexts: 335  
assessment as discourse and assessment of discourse  
*Constant Leung and Bernard Mohan*

Tensions between validity and outcomes: teacher assessment of written work of recently arrived immigrant ESL students <i>Sophie Arkoudis and Kieran O'Loughlin</i>	284
Test decisions over time: tracking validity <i>Janna Fox</i>	437
The contradictory culture of teacher-based assessment: ESL assessment practices in Australian and Hong Kong secondary schools <i>Chris Davison</i>	305
The development of assessment for learning: learning from the case of science and mathematics <i>Wynne Harlen and Jan Winter</i>	390
The performance of native speakers of English and ESL speakers on the computer-based TOEFL and GRE General Test <i>Lawrence J. Stricker</i>	146
Validating a test of second language written lexical retrieval: a new measure of fluency in written language production <i>Patrick Snellings, Amos van Gelderen and Kees de Glopper</i>	174
Using GENOVA and FACETS to set multiple standards on performance assessment: for certification in medical translation from Japanese into English <i>Yoko Kozaki</i>	1
